Nov. 16–19, 2025 | Baltimore, MD

About the Meeting

The 2025 ASMB Biennial Meeting is a silver anniversary event! This conference will be filled with moments that reflect on the triumphs of the past 25 years while enthusiastically previewing the future discoveries that await. ASMB meetings represents unique opportunities for scientists and medical professionals working in research, clinical, and applied disciplines related to ECM biology to meet, present data, discuss, learn, and network. Attendees include basic scientists, bioengineers, and clinician scientists, as well as scientists from the biotech industry, at all levels of career development. Expected participation by the International Society for Matrix Biology (ISMB), the Tissue Engineering and Regenerative Medicine International Society (TERMIS), the Alport Syndrome Foundation, the Histochemical Society (HCS) and more guest societies will expand the reach of the meeting.

The program will include award lectures, plenary sessions, symposia, and workshops featuring speakers who are leaders in their respective fields of study. Abstract-driven and interactive poster sessions will also be programmed across matrix related topics. There will be ample opportunities for trainees and other young investigators to present their research in oral sessions. The program will also feature education and career development sessions that are focused on the needs of the current generation of trainees and young investigators. A generous scholar award program will provide travel grants for trainees and junior faculty.

The meeting will take place at the Hilton Baltimore Inner Harbor. Situated next to Oriole Park at Camden Yards, the hotel is close to all the great Baltimore attractions. The Inner Harbor's museums, the National Aquarium, and TopGolf Baltimore are all within a mile. Dozens of restaurants are within walking distance or a very short ride-share away. Camden Station's light rail is a three-minute walk and offers airport transit. BWI is just 10 miles away.

Over 400 scientist researchers are expected at this event!
