Sponsorship Opportunities

The 2027 ASMB workshop offers an outstanding opportunity to interface with the research and medical community in a small meeting setting. This is a unique opportunity to promote your company, get feedback on your products, and develop ideas for new products or services. The ASMB 2027 Workshop on Fibroblasts anticipates approximately 100 attendees from across the United States, with participation from international institutions as well. The workshop's intentionally small size ensures that sponsors and exhibitors will be highly visible while reaching a broad and diverse fibroblast-focused audience of researchers, clinicians, trainees, and industry partners. Exhibit space is located in a self-contained, high traffic area, which is conducive to informal discussions and exchange of ideas regarding science and technology.
